

Choose a very cute name for your girlfriend

You will be surprised to know that looking for a cute name for your girlfriend is not at all difficult. When you give her a cute name it only shows that you are now willing to share a special bonding with her. When you start calling her with it, you are shouting to the world that she is yours and at the same time you truly love her. At the same time, with names for each other, you have reached a point where you have created this exclusive and wonderful little world together. So, choosing a cute name is not that really hard at all, when you think about what it really means. There are really several categories out there you can take your pick from. The only thing you have to do really is to determine which would best describe your [girlfriend](#) and how much you adore her.

First among the category is of course the childhood theme name, like teddy bear. Childhood inspires innocence and fun, so this is a particularly good place to start. Toys, cartoon characters you used to watch and other childhood fun stuff are where you can find such cute names. Then there is your memorable times category. This is particularly easy because all you have to do is to remember a wonderful time you shared together as inspiration. For example, if you went to the park and she kept looking and touching the flowers, you can call her bumble bee. Another good source of inspiration and the most commonly used ones is food.

You can choose from fruits, like strawberry or you can choose from sweets, such as cupcake. Your girlfriend will love that you see her as sweet and cute as those sweets and fruits. But make sure not to call her anything that is connected to heavy meal, like pork chop. She will think that you see her as fat and she will surely not see that as cute. Another category you can take your pick from is cute animal, like kitty cat. Again, make sure to be sensitive with your choice. A gerbil may be cute for you but she will probably find it offensive if you call her anything from the rat family.

When you have finally chosen the right cute name for your girlfriend, you might also want to add something like, my little or silly, before the name to make it sound more endearing. Later in your relationship, you will see that the cute name will always help you out when you want to make her feel more special or when you simply want to apologize for something.
